

We mean business.

Corporate Accounts Redefined.

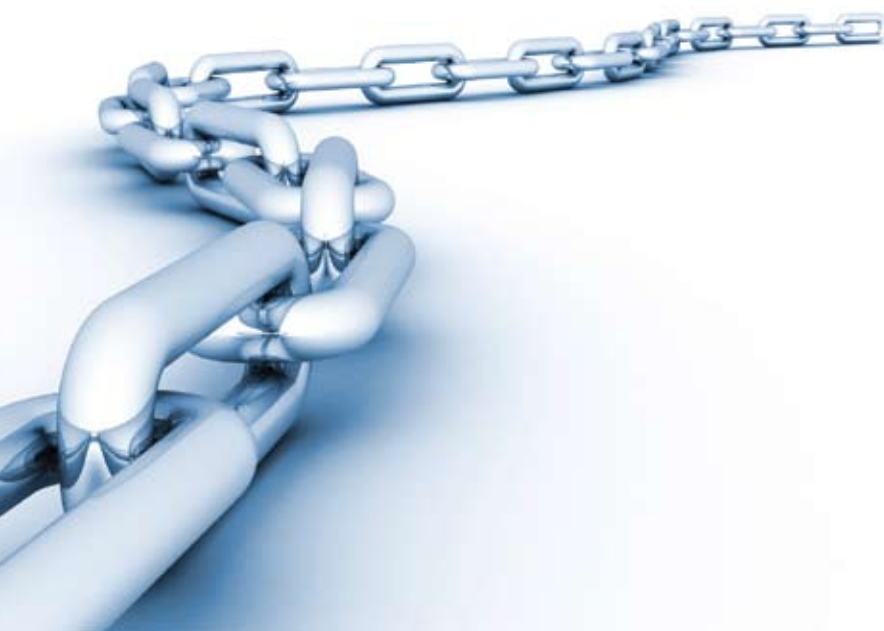

We understand... that every business is part of a chain of service. You can generate success by the strength of the service you get, and you can lose business as a result of a weak link.

We recognise... that you are part of a financial chain. Being able to make and receive payments efficiently, quickly and without stress is vital to smooth day-to-day operations.

We know... your business is part of a human chain where trust and reputation are key for building strong and lasting success.

We appreciate... that every business is different but all businesses want to be more efficient with time, money and resources.

And so... we have created International Banking Group's suite of corporate banking services to help you succeed.

Unparalleled Service & Attention

*Conditions apply.

A personal touch

Understanding your business is the key to delivering good service.

All business customers at International Banking Group – big and small – have a dedicated Account Manager. Someone they can call, someone who knows and understands their business, and someone who works as a partner to achieving the business goals.

In addition, all business customers based in Providenciales can have access to the pick-up and delivery service for all non-cash items. Saving you time and money that is best used by focusing on your business rather than your bank.

Internet Banking

All corporate customers have automatic access to International Banking Group's Internet Banking service which allows you to:

- Access all your account information
- Set up balance alerts
- Order drafts and cheque books
- Transfer funds between accounts held by you
- Submit wire transfer requests
- Make loan payments and view loan accounts
- View and print cheque images
- View and print statements
- Place stop payments
- Order cash
- Upload salary files and set up payroll
- Send secure email to the bank
- Pay bills online
- Send standing order set up requests
- Make payments to your International Banking Group VISA Business Credit Card

Please note, some transactional functionalities may be limited to single signatory accounts only.

Returns on your money

International Banking Group offers Corporate Customers – large and small – access to fixed deposits and call accounts to make your money work for you.

At competitive rates of interest, businesses can watch their money grow!

Overdrafts, Loans & Credit Cards

In times of growth, or times of need, International Banking Group's credit department can help to provide the credit facilities you require.

From overdrafts to loans as well as tailored solutions for your specific needs to help you achieve your goals, International Banking Group's Credit Team can be of support.

VISA Business Credit Card

Wherever your business takes you, you can rely on the security and protection of the International Banking Group VISA Business Card.

- Access cash 24 hours a day at VISA/PLUS ATMs around the world
- Provide cards to authorised employees with specific purchase and withdrawal limits
- Enjoy flexible payment options with 5% minimum monthly payment
- Review your spending with detailed card purchase descriptions on monthly statements
- Use statement documentation for audits and expense management
- Make payments to suppliers by card
- Separate your business and personal transactions and facilitate cash flow management. When your cash flow is under control, there's no telling what you can accomplish!
- Benefit from 24-hour emergency travel services and pre-trip assistance through Travel Assistance*

*Conditions apply.

Faster and safer than cash and coins & better than cheques – merchant services are the future.

Increasingly, customers expect to pay by card and card payments are fast becoming the payment method of choice.

Businesses also favour card payments as they:

- Remove the need to carry large amounts of cash & change
- Reduce trips to the bank to make deposits
- Avoid the inconvenience and cost of following up on uncleared cheques
- Provides a choice of payment method which keeps customers happy and helps to bring the money in!

Plus, we assure next business day funds availability.

Leading edge

International Banking Group will be offering merchant services at competitive rates with leading-edge service. As well as analogue terminals we will be offering the first wireless GPRS merchant services in the TCI.

Wireless terminals offer the major advantage of being able to process card transactions in front of the customer – of particular interest to businesses with a large floor plan or external areas.

They also benefit from faster connection time than dial-up terminals and no land-line is required.

Customer experience of wireless terminals is positive as they never lose sight of their card and enhance the image of the business.

International Banking Group is bringing leading edge merchant services to the TCI. Contact us to find out more.

International Banking Group recognises that a one-size-fits-all approach to opening a corporate account can be very frustrating and time-consuming.

We therefore invite you to come and visit us and meet with a member of our Corporate Account Team so that we may discuss with you your banking needs, the products and services that are most suitable to you, and the extent of the requirements necessary to satisfy our account opening process. If you are unable to come in, please call +1 (649) 941 4424 to speak with one of our representatives.

We look forward to meeting you!
